2 GENERAL BUSINESS

2.1 Illuminate Festival Date Reschedule

The Illuminate Festival was previously endorsed by the Local Traffic Committee meeting of 1 June 2021. The festival was meant to be held on 17 and 18 September 2021, however it has been rescheduled to Friday, 20 May and Saturday, 21 May due to unforeseen circumstances. In the Committees recommendation, there was a provision to extend the date under the same approval if the new date was within 12 months. As this is the case, this notice serves to update the Committee of the new dates.

2.2 Prince St Intersection Project

As previously discussed, community consultation for the Prince St Intersection Project has been scheduled. There will be three workshops held in early May and the Committee's participation is welcomed.

2.3 Barkers Lodge Road Damage

MC noted that Barkers Lodge Road has been damaged by the recent storm event. Due to this, there was a significant impact on traffic. MC advised that due to this Mulholands Road was utilised as an alternative. MC recommended that Council consider the upgrade of Mulholands Road in the near future to provide a safe alternative should another landslide or collision occur.

2.4 Railway Works

PF advised that in the morning Traffic Controllers for the railway works had traffic stopped for six minutes in peak hour. CY advised that the ROL from Council noted that traffic cannot be held up for longer than three min at a time. CY to remind ROL holder of the conditions of their licence. PF recommended that future works be scheduled outside of peak hour (7am-8:45am and 2:15pm and 4pm).

The Meeting closed at 2:21pm.
