NOM9 **Notice of Motion No. 9 submitted by Cr Gould on 15 December 2016 regarding Submission to the Planning Panel regarding the old Lion Park Site****RECOMMENDATION**

1. That Council make a detailed submission to the Sydney South West Planning Panel opposing, in its current form, the development application for the subdivision of the old Lion Park Site (DA 010.2015.00000935.001) at Silverdale and that interested councillors be given the opportunity to provide input in the development of the submission.
2. That the submission emphasise that Council is not opposed to reasonable development of the Lion Park site but has concerns with the specific proposal. Further to this the submission highlight concerns raised by the community including (but not limited to):
 - a. Inappropriate block density and an excessive number of small blocks which are inconsistent with the character of the area.
 - b. Inappropriate site design that is not sympathetic to the existing villages, with the larger blocks being towards Warragamba and the smaller blocks towards Silverdale.
 - c. The impacts the development would have on the roads and infrastructure and the failure of the proposal to fully consider the cumulative impacts of other proposals in the area when assessing these impacts.
 - d. The need for the E2 zone to be extended along the length of Production Avenue to provide a wildlife corridor between the catchment area and the rest of the E2 zone on the site.
 - e. The potential for koalas to be found on the site and ensuring that the appropriate studies have been done to fully assess this.
 - f. That in the event of a major leak at Warragamba Chlorination Plant or other natural disaster the increase in population and traffic from the proposal could compromise the timely evacuation of the Warragamba/Silverdale area due to the single road out of the area.
3. That Council request that the Sydney South West Planning Panel hold a Public hearing at Warragamba Town Hall on a weekday evening to provide an opportunity for the local community to have input into this proposal.
4. That a suitable staff member and/or councillor address the planning panel at its meeting to express the view of Council.
