Items for Discussion	
<p>5.1 Shire Wide Flood Study</p> <p>IB presented:</p> <p>Shire Wide Flood Study</p> <ul style="list-style-type: none"> • Council last October (Broadscale) • Council asked for further feedback • Detailed Village Studies now included • Engagement Plan developed (for both) <p>WH Presented</p> <p>Detailed Flood Studies</p> <ul style="list-style-type: none"> • Tahmoor (Myrtle Creek) • Appin.... (Kennedy Creek & Ousedale Creek) • The Oaks..... (Werriberri Creek) • Thirlmere + South Picton... (Matthews & Redbank) • Bargo + Yanderra.... (Hornes Creek) • Silverdale + Warragamba.... (Scotchcys Creek) • New flood modelling • Stormwater drainage network • Smaller catchment break up • Finer terrain detail • Recent developments included • More design flood events (5% 20% 0.5%) • Flood hazard and flood function <p>CD – Presented Engagement Study</p> <ul style="list-style-type: none"> • Both Broadscale Flood Study & Village Studies • Now “Wollondilly Flood Study” 	

- 6 Weeks – April to June
- Engagement Plan - Inform and Consult
- Promote widely
- Plain English Information
- Letters – potentially affected/previous/new villages
- Drop in sessions – seven at six sites
- Verify modelling using feedback

DW - Did you look at properties that might be affected by over flooding?

Reply - Not at this stage, will be done in next round of funding. Some anecdotal information was collected and has been stored.

DW - SES would like a copy of GIS mapping so it can be uploaded into their system

Reply – Yes, that can be supplied

CH – Have you looked at leaving information at shopping centres and cafes where the community members gather

Reply – Not at this stage but we could look into that. Previous information has shown that people are unlikely to pick up flyers.

Stonequarry Creek FRMP Projects

5.2

IB Presented:

Western Basin Feasibility Study

- Examine the Western Catchment
- Test basin options
- Concept designs
- Engagement

Floodway Clearance and Voluntary Purchase
