DELIVERY PROGRAM 2017/18 - 2020/21
OPERATIONAL PLAN 2017/18

Create WOLLONDILLY

Integrated Planning and Reporting (IP&R) framework Council's Corporate Planning and Reporting documents

The Delivery Program and Operational Plan is where the directions and strategies in the long term Create Wollondilly, Community Strategic Plan 2033 are translated into actions.

It is designed to be a single point of reference for all principle activities, actions and services undertaken by Council during its term of office.

Council's Corporate Planning documents consist of:

- Create Wollondilly - Community Strategic Plan 2033;
- Resourcing Strategy;
- Delivery Program 2017/18 - 2020/21 and annual Operational Plans;
- Quarterly, Annual and End of Term Report.

All Council's Corporate Planning documents can be sourced from
www.wollondilly2033.com.au

MAYOR AND GENERAL MANAGER'S INTRODUCTION

Council is pleased to present this four year **Delivery Program 2017/18 – 2020/21** and annual **Operational Plan 2017/18** to you as a statement of Council's commitment in implementing the long term Community Strategic Plan (CSP).

These two plans are combined into a single document to outline Council's key services, projects, initiatives and actions for this term of Council. The document is structured under the 5 themes outlined in our long term CSP.

Over the last few years Council has taken significant steps towards being assessed as being 'Fit for the Future', this was a major achievement for us and is ultimately a result of the professional work done by all staff and Councillors, sound financial management, and by securing the Special Rate Variation. This now gives us the certainty we need to focus on the challenges and opportunities ahead with a number of these highlighted for this term of Council.

Tourism and Economic Development

Council is committed to boosting tourism in Wollondilly and will use it as a platform to encourage local entrepreneurial activity and generate investment in employment and infrastructure. The implementation of our Economic Development Strategy and the preparation of a new Tourism Strategy will assist with achieving beneficial outcomes. The revamped Tourism website will raise awareness of Wollondilly's assets highlighting the beauty of our bushwalks, farm stays, wineries and unique shopping precincts, all of which have the potential to create boutique destinations for weekend travellers.

Community Safety

Public safety is a top concern for Council and we are taking the lead in this matter. We will continue to advocate on behalf of the community and raise awareness of the need for greater police presence in our towns and villages.

Drive Investment and Research in Agriculture

Driving investment and research in agriculture will continue to be a focus of Council and we will look towards innovative schemes and projects to achieve this. Concepts like the Agricultural Enterprise Credit

Scheme will be considered by Council as tools to support local farmers and drive agricultural investment in Wollondilly. The scheme when developed, is intended to be used to encourage owners of non-productive peri-urban land to convert their land into food producing land and will provide farmers on existing productive land an incentive to further invest in their business.

Communicating with our Community

A renewed focus on communicating with the community has delivered new opportunities for our residents to stay in touch with Council. The new Community Newsletter will be delivered to all the homes in Wollondilly on a quarterly basis and the Ordinary Council Meetings will continue to be live streamed and made available to view online. Council's Communications Strategy will be revised using the results from the recent Customer Satisfaction Survey. As part of the review newer forms of communication tools will be considered and Council's existing forms of communication tools will be evaluated. The revised strategy will incorporate traditional methods of communication as well as newer technologies to increase our reach and engagement.

Infrastructure

Roads and community spaces are a top priority for Wollondilly residents. Council will continue to engage with residents and in response to their feedback will significantly invest in the maintenance and improvement of Wollondilly's roads and infrastructure. A schedule of road reconstructions, resealing and heavy patching will be implemented throughout the Shire so that trouble spots are made safer. The "Footpath Program" will review pedestrian access within the Shire and look towards improving walk ways and crossings. Investment in Wollondilly's community spaces will be enhanced with masterplans developed, approved or implemented for a number of popular parks, reserves and sportgrounds in the Shire. Overall Council has committed to a large volume and a wide range of works and services that seek to meet the community's needs and priorities over the next four years, whilst continuing to remain in a strong financial position into the future. We look forward to reporting back to the community of our achievements and challenges through our quarterly and annual reports.

Wollondilly Shire Council's **Draft Delivery Program 2017/18 - 2020/21** and **Operational Plan 2017/18** were on public exhibition from Monday 24 April 2017 till Monday 22 May 2017 and **adopted by Council 19 June 2017**.

“A PLACE TO LIVE

and work that values the inherent beauty of the Shire, is proud of its community and supports innovation and inclusiveness.”

Residents vision for Wollondilly in 2033

Create WOLLONDILLY

For many years the Shire has identified **Rural Living** as its vision. We know that these words can mean different things to different people. The previous Community Strategic Plan (CSP) involved a community engagement process to explore the meaning of Rural Living, a definition comprising six key characteristics was developed:

1. Rural setting and character

The rural setting is obvious with farmland and natural areas located between separate towns and villages and residents experience and value this setting irrespective of where and how they live.

2. Viable agriculture

Agriculture and associated industries are encouraged and supported and continue to be a productive, sustainable and integral part of our economy, our community and our landscape.

3. Community lifestyle

Our community values its sense of community spirit which is fostered through a strong identity with village life, a sense of belonging, and commitment to community participation and co-operation.

4. Diverse environment

The Shire's diverse environmental assets, including its waterways and catchments, natural areas, biodiversity and agricultural lands are valued and protected because of their environmental significance.

5. Heritage

The Shire's wealth of aboriginal and non-aboriginal heritage is valued and protected because of its cultural significance and its contribution to our sense of place and belonging.

6. Towns and villages

Development is carefully managed to maintain the separation of our towns and villages and their unique identities and strives to enhance their role as focal points which provide opportunities – housing, jobs, shopping, business, leisure, civic and cultural events, community facilities, education, and social interaction.

By understanding these characteristics of Rural Living we are better able to appreciate that it's not just about development issues, but about the broader aspects of life in a rural area - towns and villages, community spirit, working agriculture, and a deep sense of place.

So Rural Living does not imply a “no-growth” position. Nor does it say “no” to change and progress. In fact to achieve the community's aspiration for better services, a growing economy, more jobs, more schools, health services, better infrastructure and transport choices, we need to have both.

The theme of the revised CSP Create Wollondilly is all about how we need to maintain the value of Rural Living while at the same time creating new opportunities for growth and change.

WHAT TO
EXPECT FROM **your**
Councillors
Better outcomes for the community

Leadership - Being an effective leader of the local community by:

- Setting the vision and direction for the community with limited involvement in the day-to-day operations of council.
- Implementing an advocacy role by working as a team with other councillors to make decisions that benefit the whole community.
- Balancing short and long term community needs and interests.
- Fostering and maintaining positive internal and external relationships.

Open decision-making - Ensure effective participation in council business by:

- Making informed decisions through good preparation and involvement.
- Following Council's Code of Meeting Practice and/or legislation in meetings.
- Relying on the information and assistance provided by the General Manager and Council staff can provide to councillors to assist in informed decision-making.

Conduct - Behave in a way that enhances and maintains the credibility of council and local government as a whole by:

- Being lawful, honest, transparent and respectful in line with Council's Code of Conduct.

- Exercising care and diligence in carrying out Councillor functions.
- Ensuring relationships with the General Manager and Council staff are based on trust and mutual respect, following clear and agreed protocols about staff contact.

Accountability - Be accountable to the community by:

- Engaging and consulting with the community.
- Responsibly managing Council's money and assets to meet current and future needs.
- Considering the long term consequences of decisions.

Learning - Take responsibility for ongoing learning and professional development by:

- Regularly assessing learning needs.
- Actively seeking opportunities to acquire further knowledge and skills.
- Contributing knowledge and skills to the development of local government as a whole.

YOUR COUNCIL

ALL ABOUT
Wollondilly
AND ITS
“PERI-URBAN” SETTING

The Wollondilly Shire is located on the south western fringe of Sydney at the foothills of the Southern Highlands.

Although it covers 2,560 square kilometres, almost two thirds of the Shire’s area is made up of national parks and water catchment areas. These protected lands are spectacular natural areas with enormous environmental and heritage value. Outside of these protected areas the Shire is a patchwork of agriculture, rural landscapes, bushland and separate towns and villages.

The Shire is rich in Aboriginal history and the backdrop of gorges, ranges and plains is interwoven with the dreamtime legends of the first Australians.

Wollondilly’s rural landscape, towns and villages date back to the early European settlers who followed the first fleet’s famous straying cattle to the “Cowpastures”. This location (around the Menangle and Camden Park area) was the birthplace of modern agriculture in Australia and from that time onwards agriculture has been integral to the development, character, economy and identity of the Shire.

Today the Shire continues to be proudly “rural”. The community values this identity and character and the unique lifestyle opportunities of being in a rural setting within close proximity of Sydney. This context, where we are on the periphery (or edge) of the city, is referred to as being “peri-urban”.

Peri-urban lands typically comprise a mix of urban and rural residential areas with productive agricultural lands, biodiversity areas and diverse topographies.

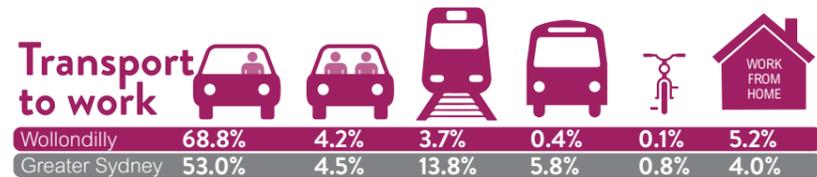

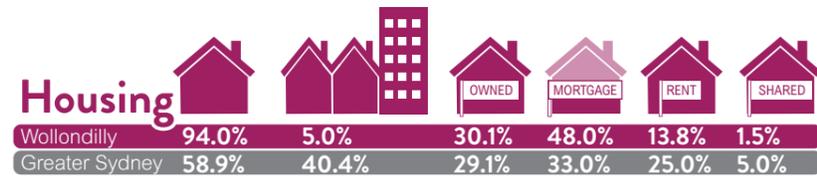

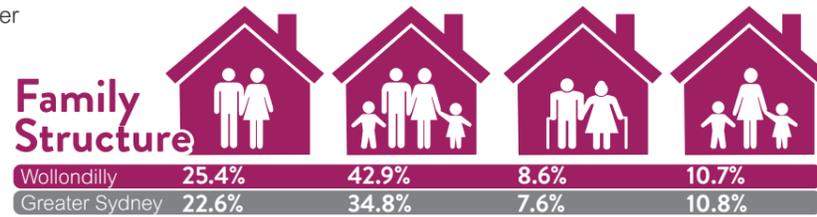

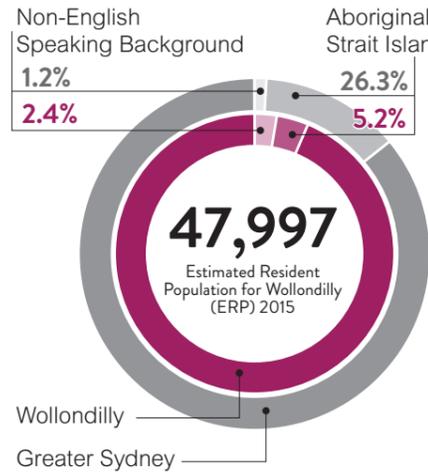

Because of their location they face a unique set of challenges:

- Management of growth and development pressures.
- Agricultural land being lost to urban development and land fragmentation.
- Conflicts being rural and urban land uses.
- Limited infrastructure and services.
- Limited employment opportunities.

Peri-urban areas such as Wollondilly have enormous environmental, economic and social value and are critical to the future resilience and functioning of Sydney as a whole, so they need to be carefully managed and protected. Wollondilly Council, along with 12 other Councils on the periphery of Sydney, is part of the Sydney Peri-Urban Network of Councils (SPUN) which works to stimulate discussion and strategic approaches to the management of Sydney’s peri-urban fringe.

ENVIRONMENT

OUR CHALLENGES AND OPPORTUNITIES

Wollondilly's residents are very proud of the Shire and value its rural lifestyle, local village identity, community spirit and friendly atmosphere. However, there is a 'trade-off' to some extent. To enjoy the great rural lifestyle opportunities of Wollondilly, the community can face challenges that arise from the Shire's relatively low population, its location on the fringe of a city, and its dispersed and varied towns and villages.

Life Opportunities

Our Shire has limitations regarding employment opportunities, schools, human services, cultural and recreational opportunities, shopping, leisure and more. People often need to leave the Shire to access these kinds of opportunities. This issue is compounded by limited access to public transport and a high reliance on having to travel significant distances.

One of our biggest long term challenges is therefore to ensure that these life opportunities become available and accessible to all, either within our Shire or at least regionally.

Managing Growth

With more housing growth planned for the next 20 years and beyond, we need to ensure that our existing towns and villages, as well as our new residential areas, are developed in accordance with best-practice approaches to urban development to deliver high quality environmental, economic and social outcomes for now and the future. Our challenge will be to maximise opportunities for healthy, safe, accessible, affordable and connected communities with access to local jobs.

While managed growth is encouraged, it needs to be balanced and should not be at the cost of the natural environment, heritage, our valued rural character or agricultural land. Achieving this balance will require well planned development and infrastructure while considering our unique towns, villages and rural setting.

As our population grows the interaction between the community and our natural environment needs careful management to minimise risks to the environment, human health, safety and property. Bushfire hazard reduction, waste water and catchment management, waste management, illegal clearing, dumping and littering, regulating development and land use, control of weeds and pest animals are all critical matters for the Shire.

Road Network

As the Shire grows our asset management responsibilities will increase as there will be more infrastructure to look after. As an example, our future growth will require the capacity of the road network to improve to cater for increasing vehicle volumes.

Council is responsible for many community assets including roads, buildings, parks and reserves, cemeteries and waste facilities. Council is required to review its assets, long term finances and workforce arrangements under the Integrated Planning and Reporting framework, which details what the community sees as being important.

A major asset review in 2010 found a substantial and ongoing shortfall in the funding required to maintain our assets in a satisfactory condition. If not addressed, the overall condition of Council's assets would have continued to deteriorate, posing a risk that key assets will no longer be able to provide safe and appropriate services to the community.

Following an extensive community engagement program during the second half of 2014, Wollondilly Shire Council submitted an application for a Special Rate Variation (SRV) of 10.8% pa over four years to fund asset maintenance. The Independent Pricing and Regulatory Tribunal (IPART) approved this application.

The challenge is that all of the extra funds are not immediately available. Renewing our assets to meet the needs and expectations of the community will therefore occur over an extended period of time. The projected asset backlog is estimated to be addressed over a ten year period, assuming no external factors affect Council's ability to do so, such as a significant natural disaster.

Communication

We need to continue to embrace all forms of digital communication. Using innovative technology and media is essential to delivering services which are responsive to our community. Council does however need to be mindful that although these digital approaches can increase inclusion and involvement for many, they need to be balanced with more traditional media so that other sections of our community are not excluded.

Key to achieving a connected and collaborative community will be striking a balance between increased legislative requirements, increasing participation by the community and achieving objectives in appropriate timeframes. Council and the community will need to work together to determine the most appropriate and efficient way to "have the conversation" so that we are inclusive and equitable, transparent and responsive, yet remain operationally effective and sustainable in the long term.

Continuous Improvement

Our workforce's ability to rise to the challenges and cope with a continually changing environment is crucial to success. We will need to examine our operational efficiency, delivery of customer services and the provision of organisational training. Having a resilient, safe and supported workforce is critical to ensuring that we are achieving the outcomes the community expects. We will achieve this vision through the development and implementation of an innovative Workforce Management Plan. This Plan will enable our workforce to effectively respond to the needs of a growing community.

Tourism Opportunities

There is opportunity and a community desire to strengthen and support tourism in the Shire. Wollondilly's enormous environmental and cultural assets, its agricultural landscapes, and its proximity to Sydney provide great potential to harness and encourage opportunities for agri-tourism, eco-tourism, adventure tourism, bushwalking, cycling, day visitation, and tourism associated with events and festivals.

Working Together

Our challenges, opportunities and aspirations are a mix of valuing what we currently have, but also wanting to create more. Our long term strategy therefore needs to be about keeping the great opportunities we've already got while at the same time maximising (creating) new opportunities that can arise from future change and growth. Council, government and non-government agencies, the private sector and the community all need to work as partners to achieve these goals and Create Wollondilly together. For further information on the community's aspirations please refer to the Create Wollondilly – Community Strategic Plan 2033.

SOCIAL JUSTICE PRINCIPLES

Council will build the following principles into all facets of our organisation and everything we do:

Equity

We will strive for the fair distribution of resources with a particular emphasis on protecting those people who are considered vulnerable.

Access

We will provide all people with opportunities to use relevant services and facilities regardless of their circumstances.

Participation

We will encourage and provide opportunities for people to take part in decision making processes that impact on their quality of life.

Rights

People should not be discriminated against and everyone is entitled to honesty, information and involvement.

CORPORATE VALUES

In November 2016 Council commenced the process of reviewing our existing Corporate Values; the existing values were designed and implemented by the Leadership team in 2006.

Integrity	We act with honesty, always doing the right thing
Collaboration	We openly share and partner with others to deliver results
Accountability	We own our work and take responsibility for our actions & results
Respect	We show mutual consideration for others and acknowledge our differences
Embrace Innovation	We encourage new ideas, welcome change and continuously improve

I.C.A.R.E.

The current process was designed to give all employees the opportunity to provide input into the refreshed values, not just the leadership team.

Over three months Council staff were involved in numerous workshops and surveys, with approximately 140 staff participating in the development of our values.

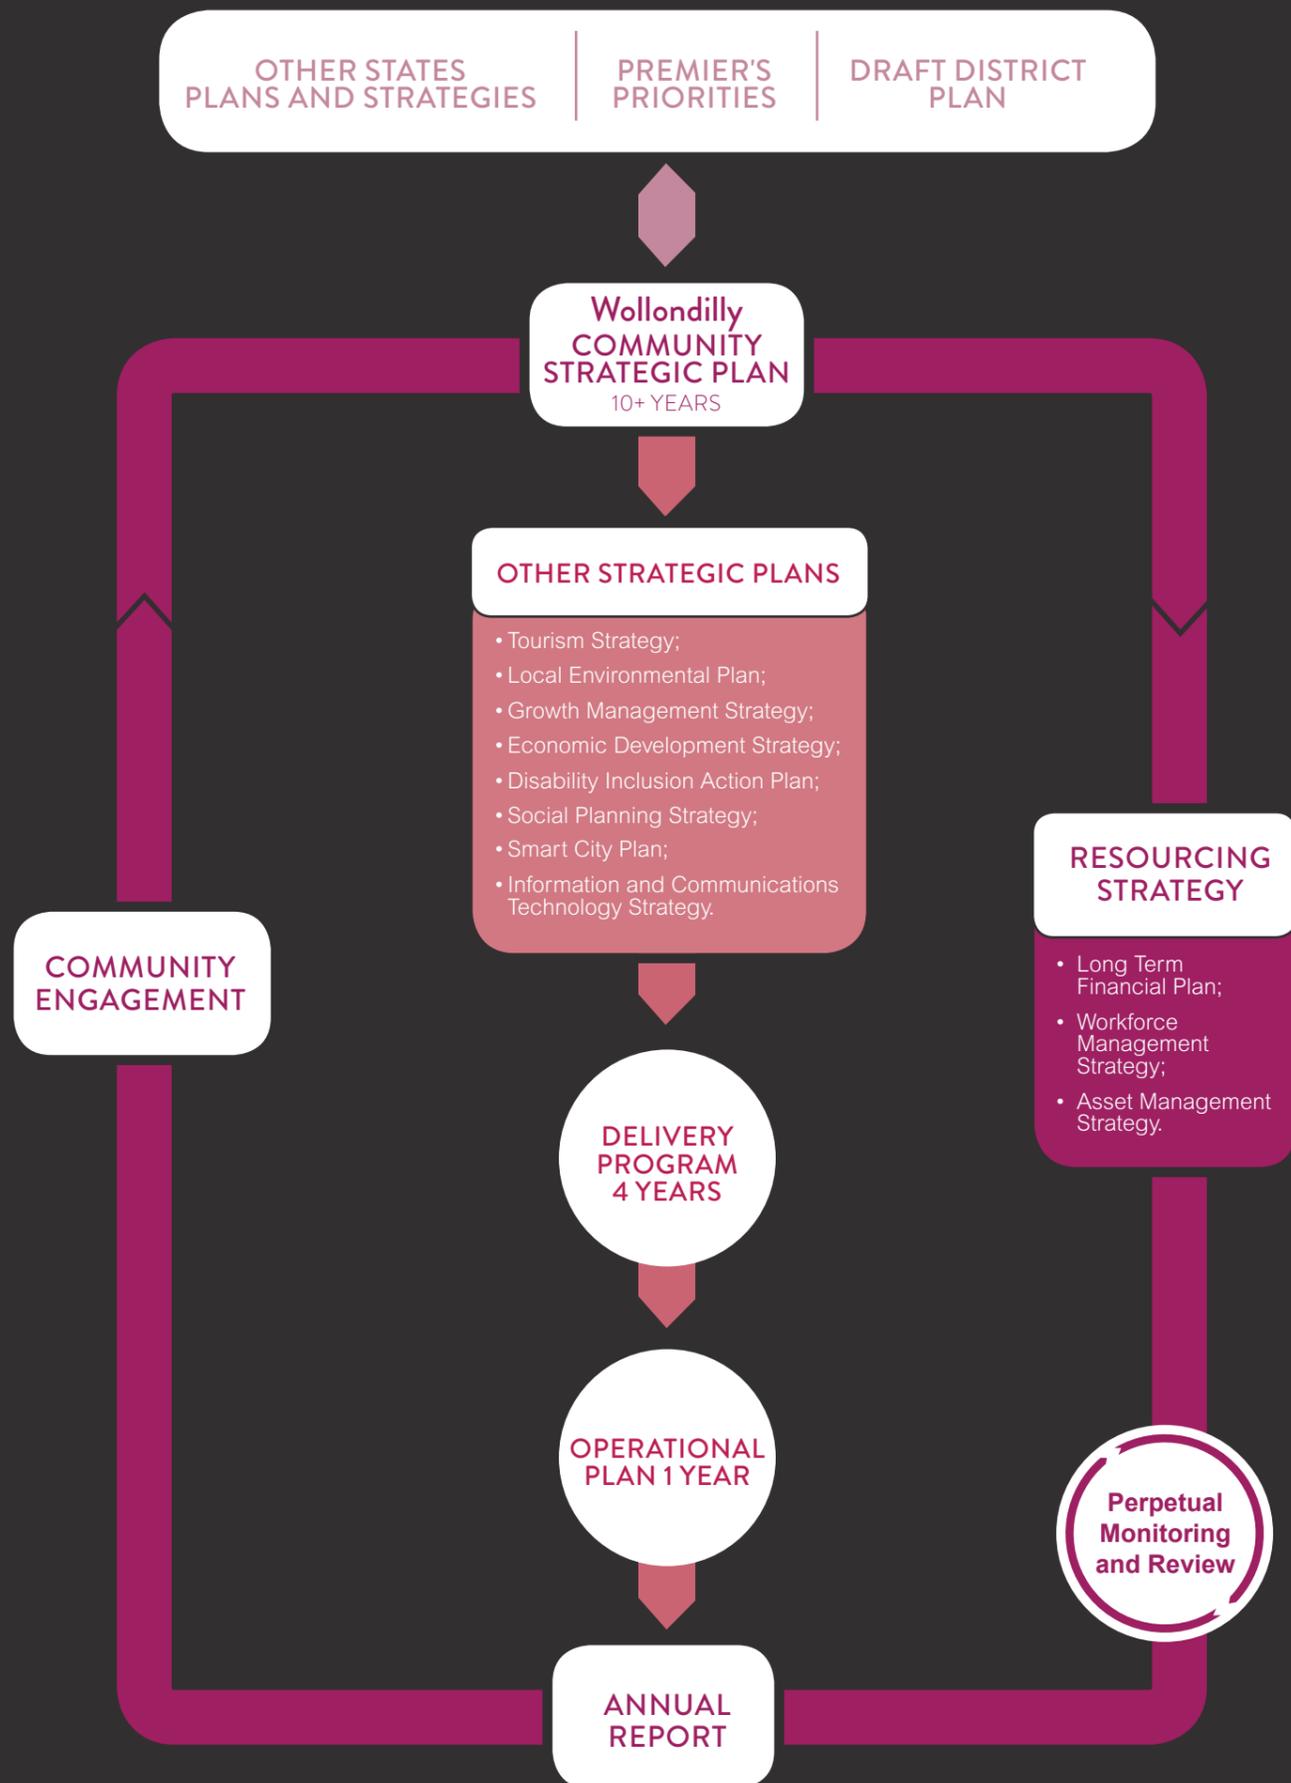

The Corporate Values were launched in March 2017 by the General Manager

– Luke Johnson.

INTEGRATED
PLANNING AND
REPORTING

3

S
E
C
T
I
O
N

INTEGRATED PLANNING AND REPORTING FRAMEWORK

In 2009, the NSW Government introduced a framework to guide local government with a new approach to planning for and reporting.

This framework is known as IP&R or our 'Corporate Planning documents', these documents work together to provide a solid plan for the Shire's sustainable future.

Wollondilly's Corporate Planning documents consist of:

- Create Wollondilly - Community Strategic Plan 2033;
- Resourcing Strategy;
- Delivery Program 2017/18 - 2020/21 and annual Operational Plans;
- Quarterly, Annual and End of Term Report.

Create Wollondilly - Community Strategic Plan 2033

The Community Strategic Plan articulates where we want to be as a community in the future (10 years). It is the highest level plan for Wollondilly Shire Council and is used by Council and other agencies and stakeholders to guide policy and service delivery. It details our key issues, strengths, opportunities and challenges for the future.

Resourcing Strategy

The Resourcing Strategy is a critical link when it comes to translating strategic objectives into actions. The Community Strategic Plan provides the means for our Community to express its long term aspirations; however they will not be achieved without sufficient resources – time, money, assets and people to carry them out.

The Resource Strategy includes:

- Long Term Financial Plan;
- Work Force Management Strategy;
- Asset Management Strategy.

Delivery Program sets strategic direction, projects and activities that Council has prioritised over its four year term to achieve the outcomes in the Community Strategic Plan. It addresses the full range of Council's operations.

Operational Plans is a one-year plan that is developed each year providing the detail of the services, actions and projects identified for that year aligned with the Delivery Program. The Operational Plan allocates responsibility and provides a detailed budget for each year. The Operational Plan is an opportunity to review our progress and achievements and report to the community through quarterly and annual reporting.

Together the Delivery Program and Operational Plan are Council's commitment in response to the Community Strategic Plan (CSP), which was developed in consultation with the Community. This directs Council with the priorities the community impressed to be important to our future.

LINKING OUR CORPORATE DOCUMENTS

Create WOLLONDILLY Community Strategic Plan 2033

Councils need to focus on long term strategic planning and to set priorities and aspirations through community consultation. The preparation of the Community Strategic Plan (CSP) is an important part of this process.

The CSP is meant to ask four key questions:

- Where are we now?
- Where do we want to be?
- How do we get there?
- How do we know we've arrived?

In other words the CSP captures the strengths, issues and potential opportunities for our Shire and in response it establishes strategies for achieving the outcomes we all want.

What does Create Wollondilly mean?

The aspirations expressed by our community have been clear and consistent over the years. We want to secure a positive future for ourselves and our children by having:

- A quality lifestyle in a rural setting;
- A network of prosperous towns and villages that achieves a balance between growth and maintaining our rural character and community spirit;

- Better roads, infrastructure and transport options to support community and future growth;
- A wider range of local services, facilities, community events and activities;
- A growing economy with more local jobs and education;
- A protected and enhanced natural environment.

So our aspirations are a mix of valuing what we currently have, but also wanting to create more. Our long term strategy therefore needs to be about keeping the great opportunities we've already got while at the same time maximising ("creating") new opportunities that can arise from future change and growth.

Council, government and non-government agencies, the private sector and the community all need to work as partners to achieve these goals and Create Wollondilly together.

"A HAPPY

and functional community with plenty of opportunity for all people to grow within the community."

Resident's vision for Wollondilly in 2033

The Delivery Program and Operational Plan supports

Create WOLLONDILLY FOCUSES ON 5 THEMES:

Sustainable and Balanced **GROWTH**

Management and Provision of **INFRASTRUCTURE**

Caring for the **ENVIRONMENT**

Looking after the **COMMUNITY**

Efficient and Effective **COUNCIL**

**“HOUSING GROWTH,
open spaces, agricultural lands,
environmental protection.”**

Resident's vision for Wollondilly in 2033

THE RESOURCING STRATEGY

To deliver the services and operations documented in the Delivery Program 2017/18 – 2020/21 and Operational Plans and to meet statutory obligations; Council needs to have sufficient resources – time, money, equipment and people.

The Delivery Program and Operational Plans are not developed in isolation. Council has concurrently developed a Resourcing Strategy that tests long term community aspirations and goals against financial realities.

The Resourcing Strategy is the point where the Council assists the community by sorting out who is responsible for what, in terms of the issues identified in the Community Strategic Plan. Some issues will clearly be the responsibility of the Council, some will be the responsibility of other levels of government and some will reply on input from community groups and individuals.

The Resourcing Strategy consists of three components:

Long Term Financial Planning

The Long Term Financial Plan seeks to answer the questions:

- Can we survive the pressures of the future?
- What are the opportunities for future income and economic growth?
- Can we afford what the community wants?
- How can we go about achieving these outcomes?

Workforce Management Planning

The Workforce Management Strategy seeks to answer the questions:

- Do we have the right people?
- Are they in the right job at the right time?
- Do we have the right skills to implement the Wollondilly Delivery Program?

Asset Management Planning

The Asset Management Strategy enables Council to show how our asset portfolio supports the delivery needs of the Shire's communities into the future

The Resourcing Strategy can be sourced from www.wollondilly2033.com.au

Monitoring and REPORTING

Council will strive to deliver 36 Principle Activities, 58 Strategic Projects and 165 actions that will work towards achieving the outcomes detailed in Create Wollondilly, Community Strategic Plan 2033.

Council will keep track of our progress and achievements through:

- Quarterly Reports including Council's Quarterly Budget Review Statement (QBRs), progress of Council's operations and works program set in the Wollondilly Operational Plan.
- An Annual Report at the end of each financial year which includes a thorough financial report, an overview of all of Council's spending, achievements in implementing the Delivery Program and Operational Plan as well as Statutory Information.
- A cumulative report at the end of the Council's four year term which details progress towards achieving the outcomes set in the Community Strategic Plan 2033 through the Key Performance Indicators and customer satisfaction survey as detailed in the CSP.

MEASURING PROGRESS

Council's corporate planning documents use different methods to measure our progress and performance in achieving the outcomes set in the Community Strategic Plan.

The Operational Plan – The things we did

Council aims to deliver all 165 operational actions as set in the Operational Plan and will report against the measure on all actions as well as:

- Proportion of actions delivered within budget and/or timeframes.

The Delivery Program – What's working well and what's improving

Council aims to deliver 36 Principle Activities/Services and 58 Strategic Projects as set in the Delivery Program and will report the outcomes on all activities/services as well as:

- Strategic Projects achieved within timeframes.
- Key Performance Indicators.

The Community Strategic Plan – Moving towards our long term outcomes

Council is committed in progressing towards the 16 identified outcomes set in the CSP. Council has developed the following measures and indicators to track progress:

- Key Performance Indicators (KPIs) which measure the efficiency and effectiveness of service delivery by Council.
- A Customer Satisfaction Survey that is conducted every two years to measure and monitor the community's needs and priorities.
- Supporting data sourced from government and non-government agencies on local community indicators to give an overall picture of Wollondilly Shire.

Council will report on the above measures and indicators in the Quarterly Review, Annual Report and the End of Term Report which is a cumulative report at the end of the Council's four year term and is published in that year's Annual Report.

DELIVERY PROGRAM

2017/18 - 2020/21

OPERATIONAL PLAN

2017/18

COUNCIL'S CONTRIBUTION TO CREATE WOLLONDILLY

Community Strategic Plan 2033

The Delivery Program sets strategic direction, projects and activities that Council has prioritised over its four year term to achieve the outcomes in the Community Strategic Plan. It outlines at a high level what Council is committed to delivering under the Five Theme areas as set out in the CSP.

The Delivery Program will guide Council over the four years and be reviewed each year, as over time there are many factors such as changes in government which can lead to changes in policies and legislation, grant opportunities and even natural disasters that can affect what Council has planned. Therefore, a detailed Operational Plan is developed each year that will outline the details of what Council will deliver for its community along with any required changes as detailed in pages 55 -139.

ALIGNMENT TO NSW STATE PLANNING

Our Delivery Program supports the broader objectives of NSW Strategic Plans such as the State Plan "Improving NSW" and the Draft South West District Plan. The NSW Government's strategic plans provide strategic direction in medium to long term planning, investment and service or program delivery for the NSW community as a whole.

The priorities and targets within the State Plan "Improving NSW" and the Delivery Plan will contribute to achieving the desired community outcomes that have been identified within Create Wollondilly – Community Strategic Plan 2033.

The NSW State Plan commits to:

- Assist the Wollondilly community to manage adverse events (through the work of emergency services and aspects of the health system)
- Provide appropriate social services on behalf of government departments such as Health, Social Services, Employment and Education.
- Provide evidence-based and accountable policy development and service delivery at a local level.

Draft South West District Plan

The Draft South West District Plan (Draft SWDP) was prepared by the Greater Sydney Commission and was released in late 2016. The South West District comprises the local government areas of Wollondilly, Camden, Campbelltown, Fairfield and Liverpool. The Draft SWDP is intended to be an overarching State Government led strategic plan for the District.

DELIVERY PROGRAM

2017/18 – 2020/21

The Delivery Program is a statement of commitment to the community from each newly elected council. In preparing the Delivery Program, the Council is accounting for its stewardship of the community's long term objectives, outlining what it intends to do towards achieving these outcomes during its term of office and what the priorities will be. The Delivery Program is designed as the single point of reference for advocacy opportunities and strategic projects undertaken by the Council during its time of office.

STRATEGIC PROJECTS

The Delivery Program is where Council takes ownership of the Community Strategic Plan objectives that are within our area of responsibility. The program is designed as a fixed-term four year plan to align with the Council electoral cycle.

ADVOCACY OPPORTUNITIES

The Council advocates for key opportunities that impact upon the Wollondilly community that is not under the direct control of Council.

Council's role is to stand beside, support and speak out on behalf of our communities, so the community's voice is heard and views are genuinely considered when decision are being made about the lives of our community.

Our aim is:

- Maximise opportunities for our Community
- Explore choices and options
- Have appropriate access to information and services
- Promote rights and responsibilities
- Be responsive and oriented towards outcomes for our community not under the direct control of Council
- Challenge stereotypes and stigma

FIT FOR THE FUTURE

We are very pleased that as part of the Fit for the Future process in 2015, Council was declared 'Fit for the Future', thus avoiding amalgamation. The journey ahead will involve striving to ensure we continuously review and improve the way we work and the services we provide.

“SOMEONE THAT CAN
actually plan and balance housing, industry, education and infrastructure all while maintaining the initial reason people came to Wollondilly in the first place.”

Resident's vision for Wollondilly in 2033

Create Wollondilly - Delivery Program 2017/18 - 2020/21

Create Wollondilly - Delivery Program 2017/18 - 2020/21

STRATEGIC PROJECTS SUMMARY

Theme	Project
Sustainable and Balanced Growth 	Review of Growth Management Strategy.
	Adoption of an Employment Land Strategy.
	Adoption of Agricultural Support and Peri-Urban Resilience Strategy.
	Develop strategies for Housing.
	Assist Department of Planning and Environment to prepare master plans for East and West Wilton.
	Undertake Place Making.
	Full review of Section 94 Contributions.
	Review Local Environmental Plan and Development Control Plan.
	Integrate Health and Well-being into Council Planning
	Implement e-planning initiatives.
	Review and implement the Economic Development Strategy.
	Develop, implement and deliver Wollondilly Tourism and Marketing Strategy (Destination Management Plan) to increase Wollondilly's value as a tourist destination.
	Support achievement of Wilton New Town's job targets.
Management and Provision of Infrastructure 	Build and commission Bargo RFS Station.
	Investigate and develop a Strategy for a replacement Administration Building.
	Rolling 5 year program for major capital works – for asset categories, including roads, buildings and open space.
	Further development of Asset Management Plans to include infrastructure growth from master plans and Growth Management Strategy.
	Completion of the Warragamba Inclusive Playground.
	Completion of 'Stage 1a' of the Wilton Recreation Reserve upgrade.
	Plan and implement an agreed facilities upgrade to Cubbitch Barta Reserve at Bridgewater Estate.
	Deliver the staged upgrade for the Bargo Waste Management Centre.
	Adopt and implement strategies developed for the Stonequarry Creek Floodplain Risk Management Plan.
	Develop an operational management strategy for open spaces and reserves.
	Manage the impacts of changes to the Crown Lands Act with respect to transfer of responsibilities for crown land reserves.
	Develop a plan to manage Road Side Vegetation.
	Develop a Way-finding and Signage Strategy.

	Waste management improvements and illegal dumping solutions.
	Off-Leash Areas in Wollondilly.
	Bargo-Nepean River National Park Proposal.
	Coexistence between urban development and underground coal mining.
Looking after the Community 	Healthy communities framework embedded in planning for new communities.
	Innovative approaches to tertiary education.
	Innovative health provision – Ongoing support for the Wollondilly Health Alliance.
	Reduction in domestic violence.
Efficient and Effective Council 	Increased community connectedness.
	Less red tape and more legislative reform.
	Integrated and shared service provision.
	Request government support and financial resourcing to manage growth impacts.
	Improved telecommunication, online services and access to information.
Promote Engaged, informed and connected communities.	

FIT FOR THE FUTURE Improvement Action Plan

Summary of the key improvement actions as detailed in Council's Fit for the Future Application.

1. Strengthen on Strategic Partnerships and Alliances with:

- Macarthur Regional Organisations of Council (MACROC) – Wollondilly, Camden and Campbelltown Council;
- Joint training initiatives and regional training sub-committee;
- Asset Management collaboration sub-committee;
- Regional Spoils sub-committee and Business Unit scoping;
- Local and NSW Chambers of Commerce;
- Sydney Peri Urban Network of Councils (SPUN);
- The Wollondilly Health Alliance (WHA);
- The Dilly Wanderer.

Responsibility – Executive Team

2. Success Management Program – Continuous Improvement Program

- Deliver 2 Continuous Improvement Reviews per annum;
- Completion of outstanding projects;
- Staff Well-Being Program to continue.

Responsibility – Executive Director Community Services - Corporate Support

3. Special Rate Variation Application Process

- Quarterly Reporting to Council and the community;
- Annual Reporting to Council and the Community.

Responsibility – Executive Director Community Services - Corporate Support

4. Asset Management Plan implementation

- Major programs developed by Q.1;
- Develop geospatial defects reporting and repair tracking program;
- Works Program completed.

Responsibility – Director Infrastructure and Environment

5. Review Budget Processes

- Budget adopted and reported;
- Quarterly Reviews reported to Council and community;
- Annual Reporting to Council and community.

Responsibility – Executive Director Community Services - Corporate Support

6. Procurement processes and policies review

- Reviewed annually;
- Induction and refresher training developed and implemented;
- Compliance Reporting developed.

Responsibility – Executive Director Community Services - Corporate Support

7. Optimising Developer Contributions System

- Commence review of Section 94/94A Plan;
- Complete Planning Agreements Policy;
- Update web page for Developer Contributions;
- Complete and maintain Planning Agreement Register.

Responsibility – Director Planning

8. Implement adopted Social Planning Strategy

Responsibility – Executive Director Community Services - Corporate Support

9. Internal Audit completed within timeframes

Responsibility – Executive Team

10. Implement Workforce Strategy

Responsibility – Manager Executive Services – Employee Relations

4 year program

Sustainable and Balanced GROWTH

OUTCOMES *what do we want?*

1. A built environment that supports liveable communities respects the character, setting and heritage of our towns and villages and retains the vision of Rural Living.
2. A unique environment and rural landscape balanced with managed growth that is consistent with Council's Position on Growth and vision of Rural Living.
3. A strong local economy providing employment and other opportunities.
4. Expansion of employment and other opportunities based on the Shire's natural assets, strong agricultural base and tourism potential.
5. A strong and viable agricultural sector supported by the protection and preservation of agricultural assets and resources.

STRATEGIES *how will COUNCIL work to achieve what we want?*

Strategy GR1 – Growth

Manage growth to ensure that it is consistent with Council's Position on Growth and achieves positive social, economic, and environmental outcomes for Wollondilly's towns and villages.

Strategy GR2 – Built Environment

Manage land use and development to achieve a high quality built environment and innovative planning outcomes, while protecting our agricultural and rural landscape.

Strategy GR3 – Economic Development and Tourism

Enhance economic development and tourism in Wollondilly Shire through the implementation of the Economic Development Strategy and the development of a Tourism Strategy and an Employment Strategy.

Strategy GR4 – Liveable Communities

Plan for and enhance Wollondilly's liveability by encouraging great places to live with communities that are resilient, safe, affordable, healthy, well connected and retain their unique characters.

Strategy GR5 – Wilton New Town

Create a new walkable and connected community supported by integrated public transport and matched by sustainable long-term local employment growth.

Strategy GR6 – Peri-urban Areas

Manage, promote and adequately protect peri-urban lands and their values.

Strategy GR7 – Agriculture

Encourage and support agriculture and associated industries so that they continue to be a productive, sustainable and integral part of our economy, community, landscape and environment.

Strategy GR8 – Advocacy

Advocate strongly for the interests of Wollondilly and its community in relation to planning and economic development outcomes and improved public transport services.

Strategic Projects

- Review of Growth Management Strategy;
- Adoption of an Employment Land Strategy;
- Adoption of Agricultural Support and Peri-Urban Resilience Strategy;
- Develop strategies for Housing;
- Assist Department of Planning and Environment to prepare master plans for East and West Wilton;
- Undertake Place Making;
- Full review of Section 94 Contributions;
- Review Local Environmental Plan and Development Control Plan;
- Integrate Health and Well-being into Council Planning;
- Implement e-planning initiatives;
- Review and implement the Economic Development Strategy;
- Develop, implement and deliver Wollondilly Tourism and Marketing Strategy (Destination Management Plan) to increase Wollondilly's value as a tourist destination;
- Support achievement of Wilton New Town's job targets.

Key Performance Indicators

- Increase the promotion and numbers of visitors to the Wollondilly Area as a Tourist destination.
- Increase capacity for dwellings within 800 metres of urban services (train station, shops).
- Achieve housing targets in the South West District Plan.
- Reduce the net processing time (median) for development applications.
- Reduce the net processing time (median) for construction certificates.
- Improve service levels for urban design and heritage advisory service.
- Improve the application lodgement and assessment service to reduce delays.
- Development approvals for new dwellings exceed the on ground delivery of housing (measured by number of bins issued compared to number of DA dwelling approvals).
- Improved Service Levels within Council to support environmental values for development proposals.

Key Council Section

- Strategic Planning;
- Growth Centres;
- Economic Development and Tourism;
- Development Assessment;
- Building Assessment and Certification;
- Development Contribution Planning.

Key Service Provided

- Provide a building and development enquiry service;
- Deliver a Building inspection and certification service;
- Assessment of Development Applications and Part 4A Certificates;
- Facilitate Rural Industry Community Advisory Committee;
- Manage Development Contributions Planning;
- Assessment of Planning Proposals;
- Process amendments to Wollondilly Local Environmental Plan;
- Develop Strategic land use policy;
- Plan and manage growth;
- Update Development Control Plan to match Local Environmental Plan Amendments;
- Maintain Wollondilly's heritage listings and heritage advisor service;
- Organise and run quarterly business support training events when needed throughout the shire;
- Engage and support local business chambers;
- Manage the Economic Advisory Group and Tourism and Heritage Committee;
- Delivery of tourism support services;
- Deliver Your Business quarterly newsletter.

17/18-20/21

4 year program

Management and Provision of INFRASTRUCTURE

OUTCOMES *what do we want?*

1. Infrastructure that is safe, accessible and fit for purpose.
2. Infrastructure that is sustainably maintained.
3. Infrastructure that delivers upon the expectations and needs of our growing community.

STRATEGIES *how will COUNCIL work to achieve what we want?*

Strategy IN1 – Improve the condition of our Road Network

Manage, maintain and improve our road network to meet the needs of the community, now and into the future.

Strategy IN2 – Provision of Infrastructure and Facilities

Provide a range of infrastructure and community facilities to meet the needs of the community, now and into the future.

Strategy IN3 – Manage Infrastructure and Facilities

Manage infrastructure and community facilities to provide for and respond to community needs, improve safety and improve choices.

Strategy IN4 – Emergency Management

Assist in the planning of the community's response to emergencies such as bushfires and flooding.

Strategy IN5 – Advocacy

Advocate strongly for the interests of Wollondilly and its community in relation to infrastructure outcomes.

Strategic Projects

- Build and commission Bargo RFS Station.
- Investigate and develop a Strategy for a replacement Administration Building.
- Rolling 5 year program for major capital works – for asset categories, including roads, buildings and open space.
- Further development of Asset Management Plans to include infrastructure growth from master plans and Growth Management Strategy.
- Completion the Warragamba Inclusive Playground.
- Completion of 'Stage 1a' of the Wilton Recreation Reserve upgrade.
- Plan and implement an agreed facilities upgrade to Cubbitch Barta Reserve at Bridgewater Estate.
- Deliver the staged upgrade for the Bargo Waste Management Centre.
- Adopt and implement strategies developed for the Stonequarry Creek Floodplain Risk Management Plan.
- Develop an operational management strategy for open spaces and reserves.
- Manage the impacts of changes to the Crown Lands Act with respect to transfer of responsibilities for crown land reserves.
- Develop a plan to manage Road Side Vegetation.
- Develop a Way-finding and Signage Strategy.

Key Performance Indicators

- 90% of Renewal and maintenance schedules completed.
- An increase of appropriate sporting and recreation options near where people live.
- Renewal Ratios, Asset Maintenance.
- Achieve or exceed budgeted income for infrastructure programs.

Key Council Section

Infrastructure Planning:

- Engineering Development;
- Facilities and Recreation Services;
- Assets and Transport.

Environmental Services:

- Waste Services;
- Parks and Gardens;
- Works Section.

Key Service Provided

Plan, provide and maintain:

- Community facilities;
- Amenities;
- Sporting, recreation and leisure centre;
- Library;
- Depot;
- Administration offices;
- Roads;
- Footpaths;
- Signs;
- Shared pathways;
- Bridges;
- Bus shelters;
- Traffic and pedestrian facilities;
- Car parks;
- Drainage;
- Flood mitigation plans and implementation;
- NSW RFS and SES facilities;
- Cemetery;
- Bushfire hazard reduction works.
- Civil Construction.
- Civil Maintenance.
- Buildings and Procurement.
- Plant and Fleet Services.
- Operate on behalf of the community assets for the provision of service such as cleaning, emptying bins, replacing consumables such as toilet paper.
- Maintain NSW RFS appliance Fleet.
- Manage Customer Request.
- Support Local Emergency Management planning, response and recovery.

Provide community awareness and education programmes:

- Environment;
- Road safety;
- Sustainability;
- Bushfire management;
- Flood plain risk management.

17/18

1 year plan

Management and Provision of INFRASTRUCTURE

IN1. Improve the condition of our Road Network

CSP Theme	Management and Provision of Infrastructure
CSP Strategy	IN1 Manage, maintain and improve our road network to meet the needs of the community, now and into the future.
Principle Activity	IN1 Improve the condition of our Road Network
Responsibility	Director Infrastructure and Environment
Key Stakeholders and External Partners	<ul style="list-style-type: none"> Community; Councillors; Crown Lands; Federal and State Government incl. Department Regional Infrastructure, Transport for NSW, The Roads and Maritime Service.
Key Documents	<ul style="list-style-type: none"> Asset Management Strategy and Plans; NSW State Plan; Growth Management Strategy.

Action	Measure	Responsibility
IN1.1 Develop programs for road network maintenance and renewal from Asset Management Plan	<ul style="list-style-type: none"> Report annually on the program. Ensure draft road works renewal program is maintained to be current and relevant. 	Manager Infrastructure Planning
IN1.2 Develop and implement programs for road network maintenance and renewal from Asset Management Plan	<ul style="list-style-type: none"> Deliver the renewal and maintenance programmes. 	Manager Infrastructure Planning
IN1.3 Maintain and improve road infrastructure, including: pavement repairs, road reconstruction, bridge repairs, signs and line marking.	<ul style="list-style-type: none"> Works Programs completed and reported quarterly. 	Manager Works
IN1.4 Undertake additional high priority works as required	<ul style="list-style-type: none"> Complete within resources/constraints and community need. 	Manager Works
IN1.5 Identify high crash locations and apply for appropriate funding opportunities	<ul style="list-style-type: none"> Black Spot Projects applied for in accordance with 2017/18 funding guidelines Q.1. 	Manager Infrastructure Planning
IN1.6 Management of vegetation control, cleaning and waste removal from road sides	<ul style="list-style-type: none"> Maintain road side amenity and sight lines. 	Manager Environmental Services

IN2.

Provision of Infrastructure and Facilities

CSP Theme	Management and Provision of Infrastructure
CSP Strategy	IN2 Provide a range of infrastructure and community facilities to meet the needs of the community, now and into the future.
Principle Activity	IN2 Provision of Infrastructure and Facilities
Responsibility	Director Infrastructure and Environment
Key Stakeholders and External Partners	<ul style="list-style-type: none"> Community; Sporting Groups; 355 Committees; Councillors; Crown Lands; Federal and State Government incl. Department Regional Infrastructure, Tourism, Transport for NSW, The Roads and Maritime Service.
Key Documents	<ul style="list-style-type: none"> Asset Management Strategy and Plans; Recreation and Open Space Strategy; Land Dedication Policy; NSW State Plan; Growth Management Strategy; Master Plans; Plans of Management.

Action	Measure	Responsibility
IN2.1 Review the road network deficiency study for currency	<ul style="list-style-type: none"> Quality of study to be assessed Q.4. 	Manager Infrastructure Planning
IN2.2 Review Council's Transport Asset Management Strategy	<ul style="list-style-type: none"> Revised 5 year rolling program developed from Transport Asset Management Strategy Q.3. Complete transport asset management plan Q.4. 	Manager Infrastructure Planning
IN2.3 Deliver improved internal development application referrals	<ul style="list-style-type: none"> Service Level Agreement developed for development application referrals Q.4. 	Manager Infrastructure Planning
IN2.4 Strategically plan, manage and deliver Public Amenities	<ul style="list-style-type: none"> Develop Public Amenity Strategy and Replacement Program Q.4. 	Manager Infrastructure Planning
IN2.5 Strategically Plan, Manage and deliver Play Spaces in Wollondilly	<ul style="list-style-type: none"> Develop a shire wide Play Strategy Q.4. 	Manager Infrastructure Planning
IN2.6 Plan and deliver upgrades to Dudley Chesham Oval	<ul style="list-style-type: none"> Develop Master Plan for Dudley Chesham Oval Q.4. 	Manager Infrastructure Planning
IN2.7 Build and Commission the new Bargo RFB Station	<ul style="list-style-type: none"> Building completed Q.2. 	Director Infrastructure and Environment

IN3.

Manage Infrastructure and Facilities

CSP Theme	Management and Provision of Infrastructure
CSP Strategy	IN3 Manage infrastructure and community facilities to provide for and respond to community needs, improve safety and improve choices.
Principle Activity	IN3 Manage Infrastructure and Facilities
Responsibility	Director Infrastructure and Environment
Key Stakeholders and External Partners	<ul style="list-style-type: none"> • Community; • Sporting Groups; • 355 Committees; • Councillors; • Crown Lands; • Federal and State Government incl. Department Regional Infrastructure, Tourism, Transport for NSW, The Roads and Maritime Service.

IN4. Emergency Management

CSP Theme	Management and Provision of Infrastructure
CSP Strategy	IN4 Assist in the planning of the community's response to emergencies such as bushfires and flooding.
Principle Activity	IN4 Emergency Management
Responsibility	Director Infrastructure and Environment
Key Stakeholders and External Partners	<ul style="list-style-type: none"> NSW Police; Emergency Services; NSW Government functional areas (e.g. welfare, DPI).
Key Documents	<ul style="list-style-type: none"> Wollondilly Local Emergency Management Plan; South West Metropolitan Emergency Management Plan; NSW State Emergency Management Plan.

Action	Measure	Responsibility
<p>IN4.1 Provide support services to the Local Emergency Management Committee (LEMC) and the Local Emergency Operations Controller (LEOCON).</p> <ol style="list-style-type: none"> 1. Provide LEMC administration support, 2. Provide an operational Emergency Operation Centre, 3. Provide incident support, 4. Keep the Local Emergency Management Plan current, 5. Pre-Bushfire session briefing for Wollondilly Shire Council (WSC) support staff 	<ul style="list-style-type: none"> Facilitate and implement Emergency Operation Centre (EOC) at times of emergency. Continue to enhance Wollondilly Local Emergency Management Plan. Deliver the Pre-Season Bushfire Briefing for Support Staff Q.2. 	Manager Works
<p>IN4.2 Provide support and facilities and to the Rural Fire Service (RFS) and State Emergency Service, and equipment servicing to the NSW RFS (Tankers etc.)</p>	<ul style="list-style-type: none"> Ensure the RFS and SES Facilities are fit for use. Achieve RFS Equipment Services schedules. 	Manager Works
<p>IN4.3 Ongoing review of flood plain management to respond to identified issues such as climate change</p>	<ul style="list-style-type: none"> Stonequarry Creek Flood Study adopted Q.1. Commencement of Floodplain Risk Management Study process. 	Manager Infrastructure Planning
<p>IN4.4 Hazard Reduction Control – Identify, Raise funds and Program</p>	<ul style="list-style-type: none"> Complete funded programs. Report hazard reduction outcomes to the community. 	Manager Environmental Services

IN5.

Advocacy

CSP Theme	Management and Provision of Infrastructure
CSP Strategy	IN5 Advocate strongly for the interests of Wollondilly and its community in relation to infrastructure outcomes.
Principle Activity	IN5 Advocacy
Responsibility	Director Infrastructure and Environment
Key Stakeholders and External Partners	<ul style="list-style-type: none"> • Community; • All levels of Government; • Non-government agencies; • Community Groups.
Key Documents	<ul style="list-style-type: none"> • Community Strategic Plan; • Delivery Program; • Resourcing Strategy.

Action	Measure	Responsibility
IN5.1 Lobby the State Government and other service providers for improved services and infrastructure	<ul style="list-style-type: none"> • As identified in the Delivery Program. 	Director Infrastructure and Environment
IN5.2 Lobby the State Government and other service providers for infrastructure improvements to facilitate economic development	<ul style="list-style-type: none"> • Continue to lobby for gateway infrastructure such as Hume Highway Picton interchange and Picton Bypass. 	Director Infrastructure and Environment
IN5.3 Advocate on behalf of the community to be part of the Western Sydney City Deal to deliver regional benefits	<ul style="list-style-type: none"> • Regional Projects identified for Wollondilly. 	Executive Director Community Service and Corporate Support

17/18-20/21

4 year program

Caring for the ENVIRONMENT

OUTCOMES *what do we want?*

1. An environment that is valued, preserved and protected, with new planning and development proposals supporting these values.
2. A community that is engaged with, and cares about, their environment.

STRATEGIES *how will COUNCIL work to achieve what we want?*

Strategy EN1 – Protect and enhance biodiversity, waterways and groundwaters

Maintain and enhance the condition of biodiversity including the condition of water sources (both surface and groundwater).

Strategy EN2 – Protect the environment from development pressures

Contribute to development to achieve positive environmental, social and economic outcomes.

Strategy EN3 – Vegetation management

Achieve a balance between risk-based management and conserving biodiversity and maintaining public and private assets.

Strategy EN4 – Community involvement

Engage the community during the preparation and implementation of Council's environmental activities and programs.

Strategy EN5 – Environmental awareness

Enhance community awareness of the environmental values of Wollondilly's natural resources and rural lands and the threats to these values.

Strategy EN6 – Sustainable practices

Enhance the adoption of sustainability practices by Council and the local community which reduce consumption of resources, generation of waste, as well as the level of greenhouse gas emissions.

Strategy EN7 – Agricultural Land and Capability

Protect agricultural land and the natural resources which support agricultural capability.

Strategy EN8 – Auditing, Monitoring and Enforcement

Undertake auditing, monitoring and regulatory enforcement and be responsive to community complaints to protect the environment and the health, safety and well-being of the community.

Strategy EN9 – Waste Management

Provide the community with a workable and convenient waste management system, which also minimises waste generation, increases resource recovery and protects the environment.

Strategy EN10 – Advocacy

Advocate strongly for the interests of Wollondilly and its community in relation to environmental outcomes.

Strategic Projects

- Develop Sustainability Indexes for council operations and improvement strategy.
- Revise the Waste and Resource Recovery Strategy.
- Commence development of a Shire domestic waste collection and disposal plan for 2024 onwards along with the supporting procurement strategy.
- New filling and services plan for the Bargo Waste Management Centre.
- Develop a public space waste and cleansing strategy.
- Develop an implementation plan for bio-banking and other conservation agreements.
- Develop a public tree management plan and policy.
- Contribute to the development of an operational management strategy for open spaces and reserves and supporting deployment plan.
- Contribute to managing the impacts of changes to the Crown Lands Act with respect to transfer of responsibilities for crown land reserves.
- Development a pest and feral animal management strategy.
- Develop a Parking Patrol Strategy.

Key Performance Indicators

- At least 66% of domestic waste is diverted from landfill.
- An increase of plants distributed by the Community Nursery.
- Maintain volunteer hours in the Community Nursery and associated activities.
- Assess and report Sustainability Indexes for operations services.
- Implement the revised Illegal Dumping Management Strategy.

Key Council Section	Key Service Provided
<ul style="list-style-type: none"> • Environmental Services; • Waste Management; • Compliance Services; • Administration Services; • Building Surveyors. 	<ul style="list-style-type: none"> • Distribute plants throughout the Shire; • Domestic Waste collection; • Apply for grant funding for Environmental Programs; • Customer Requests for Trees, weeds and hazard reduction; • Provide quarterly companion animal "free" microchip day; • Bi-annual School Visits; • Ranger Services; • Provide health and building safety inspections; • Conduct building fire safety audit program; • Manage animal shelter services; • Induction program for volunteers at animal shelter; • Conduct swimming pool safety audit program. <p>Various education programs such as:</p> <ul style="list-style-type: none"> • Swimming pools and spas; • Companion animals; • Building approvals and other matters; • Sewage management; • Environmental.

Caring for the ENVIRONMENT

EN1. Protect and enhance biodiversity, waterways and ground waters

CSP Theme	Caring for the Environment
CSP Strategy	EN1 Maintain and enhance the condition of biodiversity including the condition of water sources (both surface and groundwater).
Principle Activity	EN1 Protect and enhance biodiversity, waterways and groundwaters
Responsibility	Director Infrastructure and Environment

Director Infrastructure and Environment
EN10.2 Advocate for mining, coal seam gas and extractive industries to be conducted in a responsible manner	<ul style="list-style-type: none"> • Attend association meetings as required. 	Manager Environmental Services
EN10.3 Advocate on behalf of the community to be part of the Western Sydney City Deal to deliver regional benefits	<ul style="list-style-type: none"> • Regional Projects identified for Wollondilly. 	Executive Director Community Service and Corporate Support

17/18-20/21

4 year program

Looking after the COMMUNITY

OUTCOMES *what do we want?*

1. Access to a range of activities, services and facilities.
2. Communities that are engaged, cohesive, included, and have a sense of belonging.
3. Communities that are healthy, happy and feel safe.

STRATEGIES *how will COUNCIL work to achieve what we want?*

Strategy CO1 - Strong Community

Deliver a range of community projects, services, and events (including in partnerships with community groups and NGOs) which strengthen our community.

Strategy CO2 - Health and Wellbeing

Promote and support community health and wellbeing and plan for long term health services for the Shire.

Strategy CO3 - Social Planning

Undertake strategic social planning approaches regarding community needs and issues, particularly in relation to future population growth.

Strategy CO4 - Engagement and Communication

Implement excellence in our community engagement by consulting with and responding to the needs and concerns of our residents.

Strategy CO5 - Advocacy

Advocate strongly for the interests of Wollondilly and its community in relation to community outcomes.

Strategic Projects

- Implement Council's Social Planning Strategy.
- Continue to strengthen the Wollondilly Health Alliance.
- Develop IlluminARTe as Wollondilly's key annual arts and cultural event.
- Develop a Public Arts Strategy.
- Strengthen community resilience through strategic approaches to disaster recovery.
- Implement innovative community engagement and communication initiatives.
- Implement the Disability Inclusion Action Plan.
- Develop a Strategic Plan for the delivery of future Library Services.
- Develop and implement new approaches to library branding, marketing and communications.

Key Performance Indicators

- Healthy attendance of people who participate in local events, for:
 - Arts and Culture;
 - Ageing and People with Disability;
 - Youth Development;
 - Library.
- An increase in the number of families / children accessing care through Council's Children's Services.
- An increase of people using library services.
- An increase of people using the Dilly Wanderer.
- An increase in viewers to Council's website.

Key Council Section

- Community Projects and Events;
- Community Planning and Engagement;
- Library Services;
- Children's Services.

Key Service Provided

Community Projects and Events

- Conduct an annual Community Grants Program;
- Community development and information service across the Shire;
- Strategically support community, charitable and volunteer organisations;
- Maintain an online Community Directory and Volunteering Data Base;
- Provide a Community Bus Resource.

Financial Assistance Program:

- Donations;
- Sponsorships;
- Annual Assistance.

Represent the community on:

- Community Safety;
- Alcohol Free Zones;
- Domestic Violence.

Facilitate Community Advisory Group and Community meetings for:

- Youth Advisory Committee;
- Disability Advisory Committee;
- Australia Day Committee.

Conduct Council's Corporate, Civic and Community events, such as:

- Australia Day;
- IlluminARTe;
- NAIDOC.

Work with population groups:

- Youth;
- Aging;
- Disability;
- Aboriginal;
- Men;
- Women.

Community Planning and Engagement

- Provide a range of opportunities for the community to engage with Council;
- Provide Dilly Wanderer services;
- Implement Social Planning Strategies;
- Provide Graphic Design services corporate communication.

Provide best practice communications using a variety of mediums:

- Council website;
- Social Media;
- Press releases;
- Newspaper articles.

Library Services

- Provide high quality Library Service through Picton Library and Mobile Library.

Conduct Library events and activities:

- Story time;
- Book bubs;
- School holiday activities;
- Self-development;
- Art and craft.

Children's Services

Provide a high quality Children's Services in:

- Family Day Care;
- Occasional Care;
- Before and After School Care ;
- Vacation Care.

4 year program

Efficient and Effective COUNCIL

OUTCOMES *what do we want?*

1. Government, community and business talking and working together.
2. A Council that demonstrates good business management and ethical conduct.
3. A Council that is viewed by the community as transparent, accountable and responsive to their concerns.

STRATEGIES *how will COUNCIL work to achieve what we want?*

Strategy EC1 – Employee Relations

Build a resilient, safe and supported workplace that provides respectful, efficient and effective services for our customers now and for future generations.

Strategy EC2 – Risk Governance

Ensure corporate risks are audited and managed appropriately to reduce the likelihood of any adverse impacts to Council or the community.

Strategy EC3 – Customer Service

Deliver appropriate, responsive and effective service to our customers.

Strategy EC4 – Financial Sustainability

Maintain Council in a strong financial position now and into the future.

Strategy EC5 – Resource Efficiency

Drive a culture of continuous improvement across all aspects of service delivery.

Strategy EC6 – Information Management

Implement innovative technological solutions to deliver quality information.

Strategy EC7 – Participation

Enable community involvement in Council decision making.

Strategy EC8 – Accountability and Transparency

Ensure Council maintains best practice approaches to open reporting and information access.

Strategy EC9 – Advocacy

Advocate strongly for the interests of Wollondilly and its community.

Strategic Projects

- Develop and implement the Workforce Management Strategy Actions and Outcomes.
- Review and implement the 10 year Resourcing Strategy.
- Implement next phase of the Continuous Improvement Program.
- Review and implement the Information Technology Strategy.
- Establish a centralised customer contact centre.
- Continue to build on Governance Health Check.
- On-line Conveyance Certificates (149 certificates).
- Continue refinement and implementation of Audit Recommendations.
- Implementation 2016 Referendum (popularly elected Mayor and ward boundary changes).
- Implementation of legislative changes.
- Participate, advocate and deliver regional benefits through the Western Sydney City Deal.
- Implement a range of smart city and digital technology strategies for Wollondilly to support the following:
 - Wollondilly Smart Shire Strategy;
 - Western Sydney City Deal;
 - Smart City and Suburbs Program.

Key Performance Indicators

- Statutory Reporting requirements are met and no adverse findings.
- Achieve Fit for the Future Indicators.
- 75% of all customer business transactions with council are available on-line by 2021.

Key Council Section	Key Service Provided
<ul style="list-style-type: none"> • Corporate Administration; • Principal Governance; • GIS and Property Services; • Customer Service; • Management Accounting; • Accounting Services; • Revenue Services; • Business Improvement; • Corporate Planning; • Information Management; • Community Planning and Engagement; • Employee Relations and Workforce Strategy. 	<ul style="list-style-type: none"> • Provide Council's phone service 24 hours/ 7 days a week; • Professional and friendly Customer Services; • Provide a minimum of 10 Council Meetings per calendar year; • Provide a minimum of 10 Community Forums per calendar year; • Management of the Continuous Improvement Program; • Advertise Positions Vacant through various related media; • Information Technology services and digital solutions; • Provision of property mapping, road naming, house numbering; • Provision of mandatory conveyance certificates; • Report on operations through corporate reporting; • Report on financial operations through corporate reporting; • Privacy Officer Services; • Provide a full range of Employee Relation Services; • Work, Health and Safety; • Apprenticeship and trainee opportunities through partners; • Provide financial concessions for eligible pensioners.

RATES

Rate Pegging

NSW has a longstanding policy of regulating the growth in local council rates under an arrangement known as 'rate pegging'. Under rate pegging, IPART sets a 'rate peg' each year, which determines the allowable percentage increase in rates income for councils. The rates paid by individual households will not necessarily go up in line with the rate peg. Councils are able to set rate levels for different categories of ratepayers. The rate peg applies to Council's total general rate income, not individual ratepayer assessments. In addition, land valuation changes may impact on the rates payable by individual households or businesses. The rate peg figure for 2017/18 has been set at 1.5%.

Special Rate Variations

Under the provisions of the Local Government Act, Councils are able to apply for a 'special rate variation'. A special rate variation allows Councils to increase its general rate income by more than the rate pegging amount.

There may be a number of reasons why a Council may apply for a special rate variation, such as:

- To improve the financial position of the council, particularly where there may be financial sustainability issues;
- Funding the development and/or maintenance of essential community infrastructure or to reduce backlogs in asset maintenance and renewal;
- Funding new or enhanced community services to meet growing demand in the community;
- Funding projects of regional significance; or
- Covering special or unique cost pressures that the council faces.

In February 2015, Council submitted an application to IPART for a special rate variation to increase rate income by 10.8% pa for the following four years for the purpose of addressing our infrastructure maintenance backlog and the need to budget for the replacement of ageing assets before they fail. Council's application was successful, permitting Council to increase rates by 10.8% each year from 2015/16 to 2018/19.

Council is responsible for maintaining more than half a billion dollars of assets. Our long term financial modelling estimated that without the special rate variation, Council would have been facing an \$80 million funding shortfall at the end of ten years. Council has been working hard to ensure it is operating as efficiently as possible and is continually reviewing ways to reduce expenditure. However, the most overwhelming contributor towards the future funding shortfall is our infrastructure backlog.

Rating Structure

Wollondilly Shire Council has adopted an ad valorem rate structure with a minimum rate. In accordance with Section 514 of the Act, before making an ordinary rate, Council must declare each parcel of rateable land to be within one of the following categories:

1. Farmland:

Any parcel of rateable land valued as one assessment and its dominant use is for farming which:

- Has a significant and substantial commercial purpose or character; and
- Is engaged for the purpose of profit on a continuous or repetitive basis (whether or not a profit is actually made).

2. Residential:

Any parcel of rateable land valued as one assessment, and:

- Its dominant use is for residential accommodation (excluding hotels, motels, nursing homes etc);
- If vacant land, it is zoned for residential purposes; or
- It is rural residential land.

3. Mining:

Any parcel of land valued as one assessment and dominant use is for a coal mine or metalliferous mine.

4. Business:

Land is to be categorised business if it cannot be categorised as in 1, 2 or 3. The main land uses that will fall into this category are commercial and industrial.

Vacant land not categorised under 1-4 is to be categorised according to the use permitted under the applicable zoning, after taking into account any improvements on the land and the nature of surrounding development. These four categories have been broken down at Wollondilly into the following sub-categories:

Category	Sub-Category
1. Farmland	Primary Production.
2. Residential	a. Rural Residential; b. Residential Town Centres; c. Residential Other.
3. Business	a. General (ie: Commercial/Industrial); b. Light Industrial Centres.
4. Mining	a. Mining Activities; b. Mining Coal Rights.

Details of Rates

The table below shows the proposed ad valorem rate in the dollar and minimum rate value for each rate category for the 2017/18 financial year.

Note that the 2017/18 ad valorem rates are based on data available at the time of preparing this document and are subject to minor changes from any variations to the source data that may occur between now and when the 2017/18 levy is calculated in July 2017.

Category	Sub-Category	2016/17		2017/18	
		Ad Valorem Rate	Minimum Value	Ad Valorem Rate	Minimum Value
Residential	Rural Residential	0.416585	1,156.00	0.307959	1,280.00
Residential	Residential Town Centre	0.497083	1,063.00	0.372804	1,177.00
Residential	Residential Other	0.422515	1,156.00	0.309716	1,280.00

Business	General	0.726224	1,156.00	0.659732	1,280.00
Business	Light Industrial Centres	0.528479	1,156.00	0.471893	1,280.00
Mining	Mining Activities	6.965099	1,156.00	7.714249	1,280.00
Mining	Coal Rights	0.100000	0.00	0.100000	0.00

Interest Charges

Interest is charged on all overdue rates and charged on a daily simple interest basis. There is no longer an interest-free period for overdue rates. The interest rate that may be charged by Council is the rate as set by the Minister for Local Government. The rate for the 2017/18 financial year has been set by the Minister at 7.5%. (In 2016/17 the rate was 8%).

In accordance with Section 566 (3) of the Local Government Act 1993, Council will apply the maximum interest rate as determined by the Minister. If an instalment is missed, interest becomes payable on that instalment only. Interest only becomes payable on other instalments when the due date for those instalments has passed.

Under Section 567 of the Local Government Act 1993, Council has the ability to write off accrued interest on rates and charges in cases of hardship or where the person is unable to pay the accrued interest for reasons beyond their control.

Pensioners

Pensioners are entitled to a rebate (pro-rata based on full quarters) if they became an eligible pensioner or purchased a property in the Shire part way through the year.

An eligible pensioner whose assessment is \$500 or more for the year (or who is a joint owner with another eligible pensioner) is entitled to a full \$250 rebate for the year. If an eligible pensioner is a joint owner with non-eligible person(s), then rebate is pro-rated according to proportion of ownership. Council also offers an additional rebate to eligible pensioners of \$45 for the year and exemption from the stormwater management charge and up to 50% of the waste service charge.

If a person ceases to be an eligible pensioner, their entitlement to a rebate ceases on the last day of the quarterly instalment period during which their eligibility ceased.

Debt Recovery

Instalment default notices will be issued to all defaulters within 14 days after each of the quarterly accounts falls due. Legal action will be considered pending the payment date of each instalment. This action may only be carried out on instalments that have been missed and any arrears from previous instalments.

DOMESTIC WASTE MANAGEMENT CHARGES

The Local Government Act 1993 states that income from ordinary rates must not be used to fund the Domestic Waste Management Service.

The service must be self-funded, i.e. income for the cost of providing the service must be obtained via the making and levying of a charge for that purpose. In the case of Wollondilly this service includes the provision, operation and eventual rehabilitation of landfill sites. Given the closure of Warragamba Waste Management Centre and the eventual closure of Bargo Waste Management Centre, Council is also obliged to fund the costly rehabilitation works through the Domestic Waste Service Charge.

The NSW Government has passed legislation which (from July 1 2009) imposes a Levy under Section 88 of the Protection of the Environment Operations Act. This legislation requires Council, on behalf of the NSW Government, to collect the levy on any material entering a landfill site. Due to the absence of a weighbridge this levy has been converted to a volume-based fee. This levy will increase annually until it is consistent with the levy imposed on other areas of the State.

Under S496 of the Local Government Act, Council must levy a charge for Domestic Waste Management on every rateable property for which the Domestic Waste Management Service is available. The charge must be levied on vacant rateable land

when the service is available. The charge levied on vacant land will be lower than that levied on occupied land and will be based on the cost of administering the service.

An interest charge is applicable to overdue waste charges under Section 566 of the Act with the interest rate set by the Minister. The interest rate that may be charged by Council is the rate as set by the Minister for Local Government. The rate for the 2017/18 financial year has been set by the Minister at 7.5%. (In 2016/17 the rate was 8%). In accordance with Section 566 (3) of the Local Government Act 1993, Council will apply the maximum interest rate as determined by the Minister.

Principles

The following principles are used to determine the application of the Section 496 charge:

Dwellings and Domestic Premises in Rural and Residential Zones

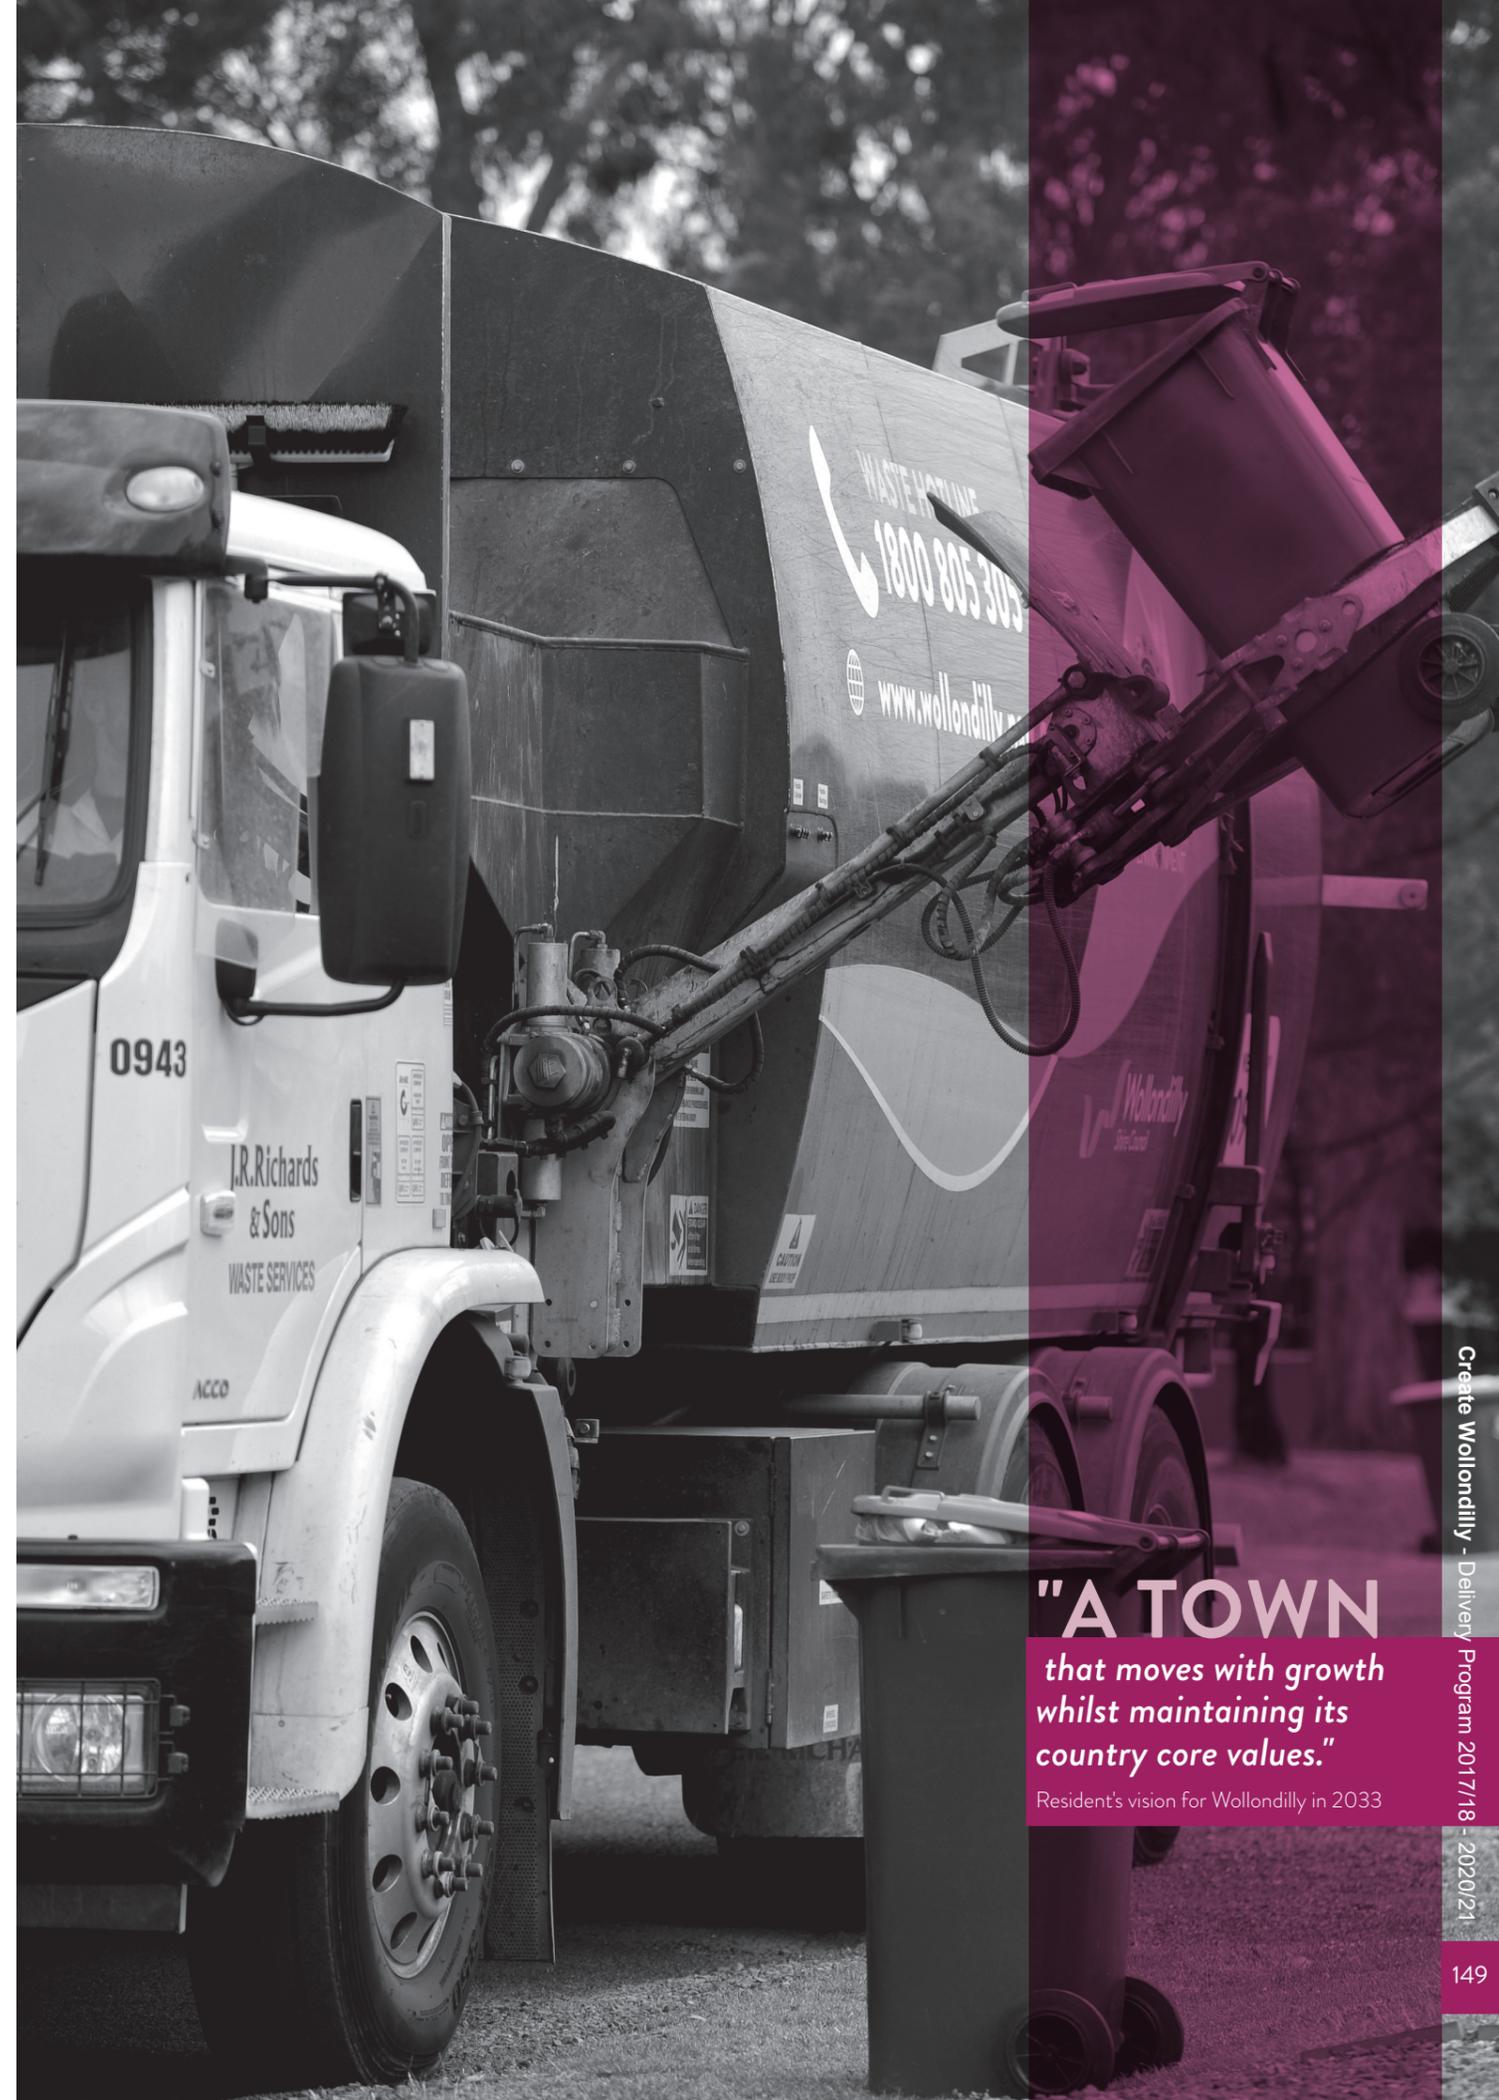

All dwellings and domestic premises in Rural and Residential zones within an area serviced by Council are to be charged for the provision of Council's Domestic Waste Management Service subject to the following exemptions;

- a. Where Council is unable to provide the Domestic Waste Management Service to dwelling and domestic premises in the Rural and Residential zones due to site layout characteristics and/or location and an alternative service is approved by Council.
- b. Existing dwellings, domestic premises and retirement villages in the Rural and Residential zones in streets serviced by Council that are not provided with Council's Domestic Waste Management Services as at 1 July 2013 due to the utilisation of a separate non-Council waste service.

Dwellings and Domestic Premises in Commercial / Industrial Zones

Dwellings and domestic premises in Commercial and Industrial Zones are to be charged for the provision of the Council's Domestic Waste Management Service whether or not any non-Council waste arrangement exists.

Dwellings and domestic premises in these zones that were not provided with Council's Domestic Waste Management Service as at 1 July 2005 due to the utilisation of a separate non-Council waste service will be exempt from the charge.

"A TOWN
*that moves with growth
whilst maintaining its
country core values."*

Resident's vision for Wollondilly in 2033

Garden Organics

The garden organics service will be provided as a core service to residential premises in the Towns and Villages and specified surrounding rural/residential areas with areas of approx. 4,000m².

The introduction of the Local Government (General) Amendment (Stormwater) Regulation 2006 under the Local Government Act 1993 enables Council to charge a stormwater management charge to undertake new/ additional stormwater management services.

The Charge applies to parcels of land rated as residential or business where Council provides stormwater services.

The maximum amount that can be charged is:

- \$25 per residential lot;
- \$12.50 per residential strata lot; and
- A minimum of \$25 plus \$25 per 350m2 or part thereof business lots (capped at \$325).

Pensioners, rural residential, rural properties and vacant land are exempt from the charge. Funding from the charge will be spent in those urban areas which are contributing to the charge (ie: not in rural areas).

Stormwater is the water which runs off hard surfaces into our local waterways during rainfall events. As stormwater flows across the land it collects pollutants such as dirt, litter and leaves that are then washed into local waterways causing the degradation of these waterways. Wollondilly Shire contains three of Sydney's major water catchments. Parts of these catchments also form part of Sydney's drinking water catchment and it is therefore of vital importance that these waterways are protected.

Council is responsible for the management of the stormwater drainage infrastructure in Wollondilly Shire. Our stormwater infrastructure is ageing and therefore requires increasing levels of reactive maintenance.

LOAN BORROWINGS

Debt is raised to fund non-recurrent capital expenditure that will benefit current and future residents and ratepayers. Council's Borrowing Policy (GOV0061) was adopted on 19 December 2016 to ensure that all borrowings are in accordance with legislative requirements and to minimise the cost of borrowing. All borrowings must be approved by Council resolution.

Council's estimated debt servicing commitment and outstanding loan liability for the next 10 years is as follows:

Year	Existing Loans		New Loans		Total Debt Servicing Cost	Outstanding Liability
	Interest	Principal	Interest	Principal		
2017/18	819,536	1,558,720	67,486	97,160	2,542,903	12,096,729
2018/19	720,981	1,668,071	60,505	104,162	2,553,719	10,324,496
2019/20	613,505	1,732,110	53,021	111,626	2,510,262	8,480,761
2020/21	502,702	1,579,146	45,000	119,627	2,246,474	6,781,988
2021/22	402,047	1,506,230	39,202	20,034	1,967,513	5,255,724
2022/23	302,397	1,605,880	37,762	21,473	1,967,513	3,628,371
2023/24	195,652	1,416,966	36,219	23,016	1,671,853	2,188,388
2024/25	128,959	436,186	34,565	24,670	624,381	1,727,532
2025/26	90,672	474,343	32,792	26,443	624,249	1,226,746
2026/27	54,577	357,132	30,892	28,343	470,944	841,271

Finance Leasing

Council currently leases a number of vehicle and plant items via operating lease. Council intends to begin financing some of these items in 2017/18 by entering into Finance Lease arrangements rather than operating leases.

INVESTMENTS

Council's Investment Policy (GOV0024) was most recently adopted on 19 December 2016.

The policy provides a framework for investing Council's funds at the most favourable return available to it at the time whilst having due consideration of risk and security for that investment type and to ensure that Council's liquidity requirements are met.

Surplus funds are invested for the following purposes:

1. The retention of externally restricted monies such as developer contributions, unspent grants and Domestic Waste Management funds.
2. As a means of accumulating funds for specific capital projects and future liabilities.
3. To provide adequate available working funds.
4. All investments are to comply with the following:
 - Local Government Act 1993;
 - Local Government (General) Regulation 2005;
 - Ministerial Investment Order;
 - Local Government Code of Accounting Practice and Financial Reporting;
 - Australian Accounting Standards; and
 - Division of Local Government Circulars.
 - Trustee Act 1925.

To control the credit quality of the entire portfolio, the following credit framework limits the percentage of the portfolio exposed to any particular credit rating category.

Long Term Rating (Standard and Poors)	Short Term Rating * (Standard and Poors)	Maximum Percentage of Total Investments
AAA (incl. Government guaranteed deposits)	A-1+	100%
AA	A-1	100%
A	A-2	60%
BBB	A-3	30%

Exposure to an individual institution will be restricted by their credit rating so that single entity exposure is limited, as detailed below:

Long Term Rating (Standard and Poors)	Short Term Rating * (Standard and Poors)	Maximum Percentage of Total Investments
AAA (incl. Government guaranteed deposits)	A-1+	45%
AA	A-1	35%
A	A-2	20%
BBB	A-3	10%

The overall investment types within Council's investment portfolio are appropriate for a local government entity and fully comply with legislation and Investment Policy limits.

FEES AND CHARGES

Pricing Policy

Council has adopted a number of fees and charges for the wide and varied services that it provides to the Community.

In deciding who pays for goods and services, and to what extent, it is necessary to determine whether the service benefits the general community and/or individuals, i.e. the proportion of Community versus private benefit.

Considerations that indicate Community benefit include:

- Individuals cannot be excluded from using the goods or service (for example, parks and roads).
- Does the Community, generally, benefit from the service?
- Is there a value for future generations?
- Does the Community gain a sense of civic pride from the provision of the service?

Considerations that indicate private benefit include:

- Do benefits apply to individual users?
- Are individuals prepared to pay for the service?
- Can individuals be excluded from using the services? (for example, the sale of tickets to a concert is limited to the number of seats available).

Price Categories

- The price for this service is to make a minimal contribution towards the cost of providing this service. The majority of costs of this service are met from general income.
- The price for this service is set to recover annual operating and maintenance costs, but does not contribute towards the replacement of assets in providing service.
- The price of this service is set to recover annual operating and maintenance costs, and to make a contribution to the replacement of assets used in providing the service.
- The price of these goods or services is set to generate an appropriate return on capital invested.
- The price charged is a refundable deposit against possible damage to infrastructure, footpaths, kerb, gutters and roadways, buildings, parks and reserves caused by adjacent development or use of facilities.
- The price charged for these goods or services is set by regulation.

Fees and Charges GROWTH

Fee/Charge	Additional Details/Charges	2017/18 GST Inclusive	GST	Price Category
